# 3CTN Y11Q4 Performance Report

January 1, 2025 – March 31, 2025

Table of Contents

Section A: Patient Access and Recruitment to the 3CTN Portfolio Trials ..... 2

    Patient Recruitment at All Network Sites ..... 2

    Patient Access: Adolescent and Young Adult (AYA) and Remote Access Recruitment ..... 3

    Portfolio Trials and Accruals by Region/Site ..... 4

        Patients recruited to 3CTN Portfolio trials, FY2024/25 (Y11) – Alberta, British Columbia, and Manitoba ..... 4

        Number of active recruiting 3CTN Portfolio trials – Alberta, British Columbia, and Manitoba ..... 5

        Patients recruited to 3CTN Portfolio trials, FY2024/25 (Y11) – Ontario ..... 6

        Number of active recruiting 3CTN Portfolio trials – Ontario ..... 7

        Patients recruited to 3CTN Portfolio trials, FY2024/25 (Y11) – Newfoundland and Quebec..... 8

        Number of active recruiting 3CTN Portfolio Trials – Newfoundland and Quebec..... 9

        Patients recruited to 3CTN Portfolio trials, FY2024/25 (Y11) – Pediatric Cancer Centres..... 10

        Number of active recruiting 3CTN Portfolio Trials – Pediatric Cancer Centres ..... 11

Section B: 3CTN Portfolio Metrics..... 12

    Active Recruiting Portfolio Trials by Disease Site and Phase ..... 12

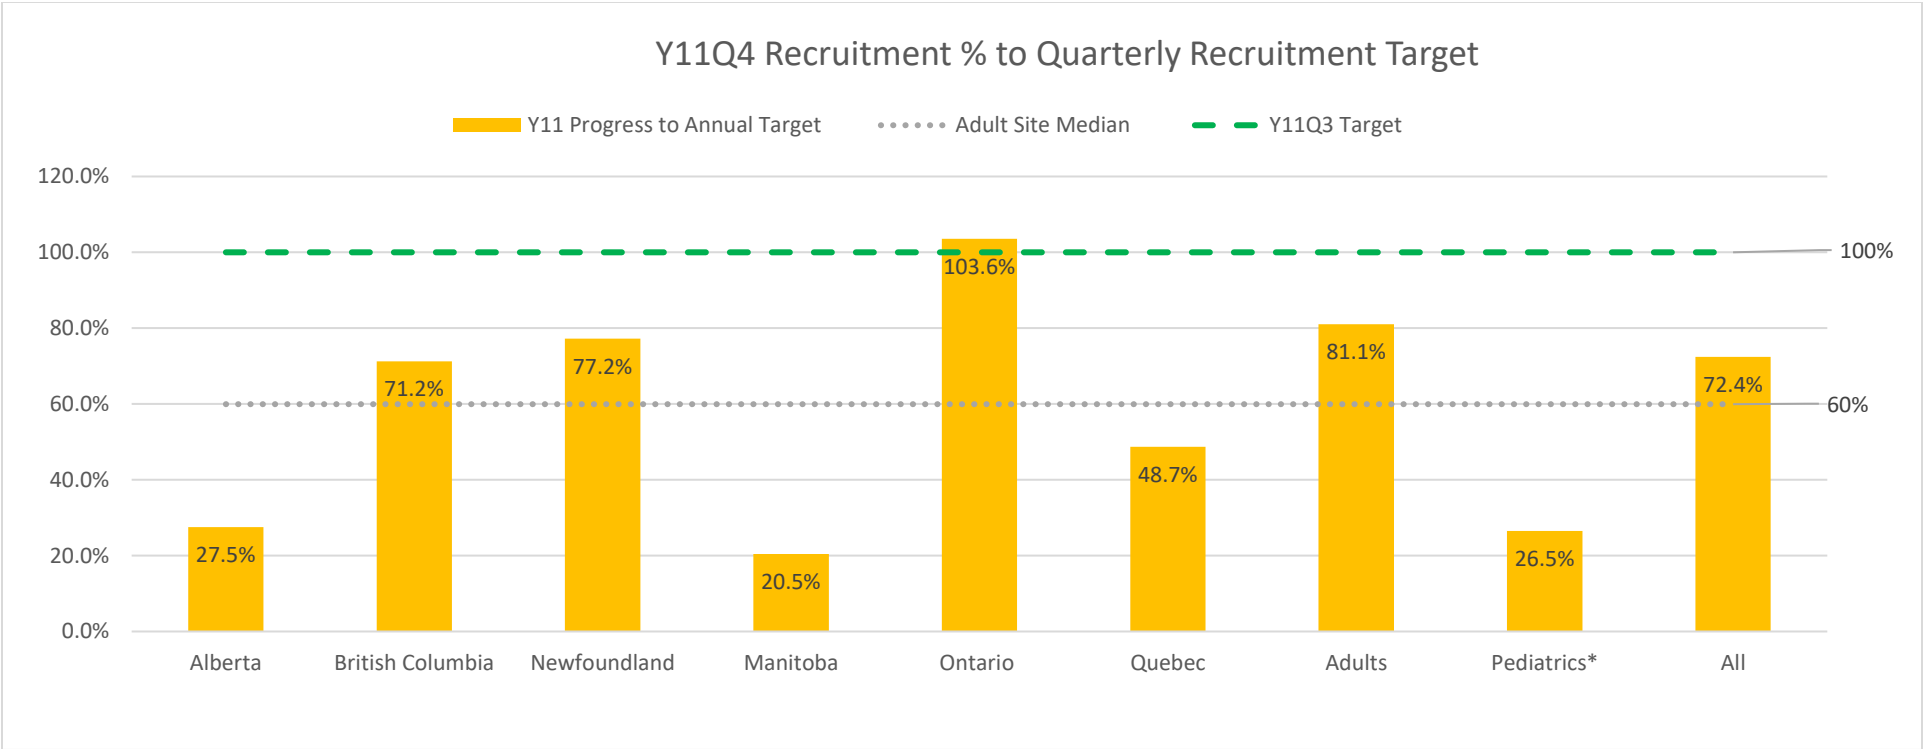

    Overview of Portfolio Applications – Process Efficiency..... 13

    Trials Added to the 3CTN Portfolio in Y11Q4 (January 1 – March 31, 2025)..... 14

# Section A: Patient Access and Recruitment to the 3CTN Portfolio Trials

## Patient Recruitment at All Network Sites

**Objective:** To improve patient access to academic clinical trials and improve patient recruitment by greater than 100% within five years.

- Notes:
- 538 patients were recruited (519 to Adult and 19 to Pediatric cancer centres) to Portfolio trials in Quarter 4 bring the Y11 to 3341.
  - Y11Q4 recruitment was effected by the closure of (CCTG) MAC.22 / TMIST which was recruiting 700 patients per quarter at its peak.
  - Overall, ~26% of Adult Sites (10 out of 38) met or exceeded their Y11 target of 90% above pre-3CTN baseline.
  - \*Pediatric progress to pre-3CTN baseline recruitment is shown.

## Patient Access: Adolescent and Young Adult (AYA) and Remote Access Recruitment

**Objective:** To improve trial access and overcome barriers to trial participation for under-represented populations.

| Network Site                                                   | Primary Site Remote Access Patient | Satellite Site Remote Access Patient | AYA Accrual Aged (15-39) |

# Section B: 3CTN Portfolio Metrics

## Active Recruiting Portfolio Trials by Disease Site and Phase

**Objective:** To monitor and optimize the Portfolio in order to create opportunities for new trials and demonstrate 3CTN’s impact.

## Overview of Portfolio Applications – Process Efficiency

**Objective:** To improve Portfolio application processing time.

### Portfolio Approval Process Timeline<sup>1</sup>

| Calendar Year | Number of Applications Received | # Applications Completed | Average Application Processing Time (days) | Median Application Processing Time (days) |
|---------------|---------------------------------|--------------------------|--------------------------------------------|-------------------------------------------|
| 2018          | 46                              | 44                       | 18                                         | 5                                         |
| 2019          | 45                              | 45                       | 42                                         | 3                                         |
| 2020          | 41                              | 41                       | 27                                         | 0                                         |
| 2021          | 59                              | 63                       | 29                                         | 1                                         |
| 2022          | 36                              | 33                       | 3                                          | 0                                         |
| 2023          | 41                              | 42                       | 12                                         | 0                                         |
| 2024          | 47                              | 47                       | 3                                          | 0                                         |
| 2025          | 24                              | 22                       | 6                                          | 0                                         |

### Facilitated Peer Review (FPR) Process

| Calendar Year | Number of FPR Requests | # FPR Completed <sup>2</sup> | Average FPR Time (days) <sup>3</sup> | Median FPR Time (days) <sup>3</sup> |
|---------------|------------------------|------------------------------|--------------------------------------|-------------------------------------|
| 2018          | 10                     | 7                            | 84                                   | 77                                  |
| 2019          | 16                     | 17                           | 112                                  | 86                                  |
| 2020          | 7                      | 6                            | 137                                  | 134                                 |
| 2021          | 9                      | 13                           | 112                                  | 108                                 |
| 2022          | 3                      | 1                            | 44                                   | 44                                  |
| 2023          | 6                      | 7                            | 63                                   | 58                                  |
| 2024          | 2                      | 3                            | 40                                   | 36                                  |
| 2025          | 3                      | 2                            | 45                                   | 45                                  |

<sup>1</sup> From Portfolio application receipt date to date of approval decision for period beginning Jan 13, 2015.

<sup>2</sup> Counts are based on the completed reviews in that calendar year. E.g., for an application submitted for review in 2019 but completed in 2020, the FPR will be counted for 2020.

<sup>3</sup> FPR process begins on the date the applicant agrees to initiate the FPR process and ends on the date when the final reviewer package is submitted to 3CTN (data based on completed FPRs).
