Subject: SOC 2 type 2 report on Bell Canada National Hosting Services – Bridge Letter

Bell Canada has established a monitoring measure to identify major changes to Bell Canada's internal control structure, which supports the Bell Canada data centre's covered in the SOC 2 type 2 report "Bell Canada National Hosting Services" issued for the period of January 1, 2018 to December 31 2018.

For the period of January 1, 2019 to June 3rd, 2019 Bell Canada management represents that for the controls covered in the SOC 2 type 2 report mentioned above, there were no major changes in the internal control structure of the Bell Canada data centre's.

For the period of January 1, 2019 to June 3rd, 2019, Bell Canada management also represents that for the controls covered in the SOC 2 type 2 report mentioned above, we are not aware of any weaknesses in our controls related to the controls of the Bell Canada data centre's

Sincerely,

A handwritten signature in black ink, appearing to read "Alan Moote".

Alan Moote

Director, Network Operations
